

Military low flying: RAF operational low flying training timetable

13.4.2026 - | Her Majesty's Revenue and Customs

Royal Air Force (RAF) operational low flying training timetables in 3 areas of the UK.

Timetables for operational low flying (OLF) training by RAF fast jets and Hercules aircraft. These timetables cover 3 tactical training areas (TTA) only. These are:

- LFA 7(T): central Wales
- LFA 14(T): northern Scotland
- LFA 20(T): the borders of southern Scotland and northern England

When the TTA is not in use, there may be other flying activity in the area. The MOD is unable to provide a timetable for all low flying activity as the information can very quickly become outdated due to weather conditions and training requirements.

Other low flying schedules

- Military low flying: MOD sponsored air exercises
- Military low flying: air weapons ranges activity
