

This is Ipsen

28.9.2026 - | Ipsen

Behind every job title is a human story.

Nobody arrives at work as just an employee. Behind every scientist, every assistant, every account manager, there's always someone else. A patient. A caregiver. A parent. A child. **And that changes everything.**

Meet Carole, Agnès, Ed and Jacquie

They work at Ipsen, but their job titles tell only part of who they are.

We asked them to share the experiences that have shaped their lives and perspectives, and to tell us more about who they are beyond work.

.There's always more behind the job title.

Follow #ThisIsIpsen and share the stories that resonate with you.
