

Ebert remains CTU Council Chairman

27.3.2025 - Tereza Meravá | Český telekomunikační úřad

"I thank the Minister of Industry and Trade and the Government for their confidence. I am glad that I will be able to build on what my colleagues from CTU and I managed to do in the previous period. Our goal now is to complete the expansion of CTU into the new digital competences (DSA and AI). My goal is to continue to ensure that CTU is perceived as an efficient and predictable regulatory authority, open to expert discussion, as my colleagues and I have been trying to do in recent years," summarises Marek Ebert, today's reappointed CTU Council Chairman.
