

Letter to registered providers: Data requirements for 2026-27

11.3.2026 - | Her Majesty's Revenue and Customs

Copy of a letter about data collection sent to registered providers of social housing.

In March 2026 we wrote to all chief executives to confirm data requirements for the 2026/27 period. These letters detailed the requirements for private providers with 1,000 or more units (large providers), those with fewer than 1,000 units (small providers) and local authority registered providers.

Further details can also be found on our Information required from registered providers page.
