

Maxime Derex (TSE-R) wins the CNRS Bronze Medal 2026

11.6.2026 - | Université Toulouse Capitole

Maxime Derex, a CNRS research fellow at TSE-R, has been awarded one of the two bronze medals presented in 2026 for Western Occitanie.

Maxime Derex, a CNRS research fellow at the TSE-R laboratory (Toulouse School of Economics - Research), is one of the two recipients of the 2026 CNRS Bronze Medal for Western Occitanie.

This award recognises the early work of researchers who are specialists in their field and serves as an encouragement to continue research that is already recognised for its quality.

The CNRS Occitanie Ouest medal ceremony will take place **on the evening of Tuesday 17 November 2026 in Toulouse (Hall M)** to honour the winners.
