

Alternative Career Paths for Scientists

24.6.2026 - | Université PSL

“Alternative Career Paths for Scientists” on July 2nd 5PM Berlin time. The event will be held via Zoom, is free to attend, and a recording will be shared with all registrants.

We’ve invited two outstanding scientists who’ve successfully transitioned beyond academia and are now working in roles such as:

- Dr. Klara Piletič - Senior Project & Portfolio Manager
- Dr. Mangala Srinivas - Professor and EU Chief Scientific Advisor

They’ll share practical advice, personal stories, and answer questions in a live Q&A.
