Explanation Integral Organic Milk Price

The Integral Organic Milk Price provides insight into the total compensation that FrieslandCampina's member dairy farmers may receive per 100 kg of organic milk. The monthly milk payment for each dairy farmer is calculated based on the value of protein and fat in a fixed ratio (5:4) and the Guaranteed Price for organic milk at 3.57 percent protein and 4.49 percent fat, excluding VAT, per 100 kg of milk.

The Organic Guaranteed Price is determined based on the organic milk prices paid by a number of reference companies in northwestern Europe to dairy farmers, based on an average annual delivery of 600,000 kg of milk. The difference between the Organic Guaranteed Price and the milk payment

arises from the deduction of charges, costs, and bonuses.

For this calendar year, the seasonal bonuses and discounts have been set as follows: January 2.00 euros; February 2.00 euros; March -1.00 euros; April -3.00 euro; May -4.00 euros; June -5.00 euro; July -4.00 euros; August 1.00 euros; September 2.00 euros; October 4.00 euros; November 4.00 euros; December 3.00 euros.

In addition to the Integral Organic Milk Price, FrieslandCampina members may receive a supplementary cash payment, the amount of which depends on FrieslandCampina's results, and the retained earnings policy adopted.
